

Lessons from the Road

Miss Heather shares a collection of stories from her adventures around Australia on her Harley Davidson - Fat Bob motorcycle, to empower people with the courage to listen to their inner rumble - goals and dreams.

Her stories, punctuated with humour, resonate!

With each passing kilometer, Miss Heather will encourage audience members to dismiss the internal and external voices and say yes to YOU.

Be thrilled to discover:

- There is no such thing as Failure, only Feedback
- Challenges are great teachers preparing you for better things down the road
- Vulnerability is the pathway to self-awareness and connection. It's where the magic happens
- 'Unmasking' is how you find like-minded people and create a wonderful support network

Outcomes

Audience members will leave, fist pumping the air, shouting, "I am not going to barter with time I think I have anymore.

"I'm going to be braver, kick fear to the kerb, stop procrastinating, trust my gut instincts, be who I want to be and chase my dreams too".

Entertainment with Passion and Purpose

Miss Heather Ward is an author, motorcyclist, travel blogger and motivational guest speaker.

She uses her motorcycle and travel experiences to empower people with the courage to live life @ full throttle.

Brilliant motivational speaker who recently received a standing ovation after taking us on an adventure at the recent Meals on Wheels CHSP conference in Griffith.

Miss H inspired us to be brave, to take risks and live life to the fullest. She eloquently entertained us with her travel tales, taking the audience along for the ride, from tragedy to hilarity with energy and honesty.

I highly recommend this unique woman if you want to inspire people to be daring. Very entertaining and thought provoking.

Miss Pam Mulholland
Network Support Consultant,
Meals on Wheels NSW

Contact Miss Heather to plan your next conference or event.

She will tailor her presentation ensuring content is relevant and valuable to audience members.
